MOST HELPFUL ELEMENTS

Working Sessions Foundations course info - more concrete info would be helpful
 Collegial-exchange among participants & trainers

Experiential, participatory elements
 Setting everything aside - reflecting on self & parish w/ expertise
 Size (upper limit 6), at least 4
 demand system stuff - "what you'll schedule is what you'll do."
 direct calls to state goal, follow through (eg, emailing re interview)
 weaving in of owning & priority role/identity - this is your job, not this

2 raps - "I'm your priest, this is why I'm here"

"Pathways of grace & ascetical practice"

Coaching & experience before teaching

diversity in parishes seemed helpful, didn't require a lot of translation

Idea: one thing we provide that's substantial & concrete;

Worship

one that participants decide on

reflecting on own spirituality & then

every day & didn't have to do any of it.

reflecting on parish (inter-relatedness)

Space is beautiful

Saying both offices - bookending day

He? length

Advance Readings

reading packet

Gatta

Full All Things

Thornton - perhaps excerpts

appreciated that it was demanding
- made me take it more seriously
made a difference in being able to engage material

Advance Work

Took longer than we said

Required thinking about it

Nice to know people come in w/ basic level of proficiency
